I think I need to tell you more details of how I met him as well as what he told me. You will find why he is popular. It was on a hot summer day. At that time I was chatting with my younger sister on the plane to Shanghai I just mentioned and we felt quite excited because we were going to visit World Expo. At that moment, I saw a handsome guy sitting next to me. Oh mine! It was Steven Shen, the super comic actor in China. I plucked up courage to say hello to him. He smiled to me and then we had a pleasant talk. I found that he was born in a poor family. He earned money at a young age and supported himself in his first movie. He told me that he had to deal with many health problems but never gave up. Many young people were motivated by his spirit and started to find their own dreams. I was totally stunned by his life stories.
