表达的问题较大. 我很多都看不懂.

老师辛苦了 ☕ 🌹 🐧

A通过教育缩小贫富差距 B减少失业率减少犯罪 C 社会和谐幸福

解释: 贫穷的人上学, 包括上大学, 学习知识和技术, 好找工作

举例: IT.....

具体化: 生活更好, 不管出身如何

The government could close the economic divide by education, this can reduce unemployment rate and commit crimes to lead a happy life. People from poor family backgrounds are likely to receive education, even the higher education and meanwhile they acquire knowledge and skills, because of this, they are able to find jobs easily. For example, they learn computer science from schools, so they may be recruited in IT companies. These people could obtain stable wages to lead a better life.

Handwritten notes: "who?" above "are", "一般现在时表客观事实" with an arrow pointing to "are", and "to lead a happy life" underlined.

A缩小贫富差距B会打击勤奋工作和聪明的富人C他们会消极, 这样不利于社会的发展, 财富减少导致大家都不快乐

解释: 交税了, 财富和别人一样

举例: 科学家, 发明者, 创业者, 新的产品, 服务

具体化: 国家没有竞争力, 一般人收入下降, 甚至没有工作

Bridging the gap between haves and have-nots is likely to demotivate hardworking and wise riches, this may has a negative effect on the development of society and makes people lose their enthusiasm for work. This means they will be lessened well-off because of taxes and do not have more superiorities than others. Like some scientists, inventers, entrepreneurs may no longer maintain high efficient in creating new products. This case can cause countries compromising competitiveness across the world, and incomes of some general people may be decreased even they are likely to lose their jobs.

Handwritten notes: "who?" above "inventers", "不能加句子" below "even".
