What kind of emails do you receive about your work or studies?

- *Well, actually I don't receive any emails about them. Most of my emails are just advertisements – they tell me that a certain product is on sale or something like that. For instance, I learned yesterday from an email that a lipstick was 30% cheaper than its normal price, but I didn't read that in detail.*

When was the last time you read a book about history?

- *Oh, that's a tough one for one, cuz I don't really remember. I don't suppose I have read a book about history in the past haha. But, from what I've heard from my friends, there's a series about the Ming Dynasty of China which is pretty interesting. I might read it someday in the future.*

Are water sports popular in China?

- *Water sports ... well, let me think about it. What are water sports? I guess swimming is one, right? If we're talking about things like swimming, then yes, because I know swimming is extremely popular in our country, especially in the summer when it's scorching hot everywhere. I really can't think of any other water sports right now.*

How should parents encourage their children to help others?

- *Well, I've thought about that before. My wife and I were talking about how we could encourage our future kid to read more books. After a little discussion, our conclusion was that we would have to set good examples for them. If we enjoy reading, our kid will most likely like it too.*
- *As for your question, I think it's the same. If we always lend others a helping hand, our kid will see that, copy our behavior and also help those in need.*

task, ask immediately. The examiner will give you a brief answer to help you to understand. Don't waste time wondering what the topic means!

- The cue questions on the topic card are included to help you to prepare your answer. However, you will **not** be penalised if your talk does not follow all the cues on the card. It is more important to talk fluently and to keep going for 2 minutes than to cover all the points on the topic card.
- Remember, this is a test of speaking, not of your experience! Do not panic if you have no experience with the topic. For example, you can talk about someone else's experience instead of your own, or say that you can't remember a funny movie, but you do remember a sad one.
- Do not worry if the examiner stops you. You are allowed to speak for only 2 minutes.
- 如果不明白话题卡上的某个单词，或者想要明确陈述任务，应马上提问。考官会做简短回答帮助你理解。不要在弄清题目意思上浪费时间！
- 话题卡上的提示性问题旨在帮助你准备作答。但是，如果你的陈述没有全部按照卡上的提示来作答，不会被扣分。流利、不间断的两分钟作答要比把话题卡上的信息点说完更重要。
- 记住：这是口语考试，而不是个人经历考试！如果没有与话题相关的经历，不必慌张。例如，你可以谈一谈别人而不是自己的经历，或者告诉考官你想不起一部有趣

- *The time that I'm going to talk about is when I got together with my best friend, Luke. It was last year, sometime in June, I think, or early July. I don't remember the date very clearly now. Luke had moved to the US, to North Carolina, to be exact. He had lived there for two years and so we hadn't seen each other for two years. When he told me that he was coming back to China and we could meet up and catch up, I was over the moon.*
- *So, a little bit more about Luke. He is actually my colleague and we've known each other for 7 years, which is a long time. We've been best friends for that long as well.*

- *What we did ... um ... we got together and had a meal together. Over the course of the meal, we just chatted and ... did a lot of catching up. He told me a lot about his life in the US. One thing that caught my attention so well is that he had found the girl of his dreams there. He was doing some grocery shopping and a pretty girl bumped her cart into his. They chatted for a while and really hit it off. Now they're boyfriend and girlfriend. Of course, we talked much more than this.*
- *I remember that day really well mainly because Luke is my closest friend and I had missed him so much while he was gone. I was so happy to see him back, even just for a few days.*
