- *Describe a special day that you remember well*
- *You should say*
  - *When it was*
  - *Who you were with*
  - *What you did*
- *And explain why you remember it well*

- *The time that I'm going to talk about is when I got together with my best friend, Luke. It was last year, sometime in June, I think, or early July. I don't remember the date very clearly now. Luke had moved to the US, to North Carolina, to be exact. He had lived there for two years and so we hadn't seen each other for two years. When he told me that he was coming back to China and we could meet up and catch up, I was over the moon.*
- *So, a little bit more about Luke. He is actually my colleague and we've known each other for 7 years, which is a long time. We've been best friends for that long as well.*

- *What we did ... um ... we got together and had a meal together. Over the course of the meal, we just chatted and ... did a lot of catching up. He told me a lot about his life in the US. One thing that caught my attention so well is that he had found the girl of his dreams there. He was doing some grocery shopping and a pretty girl bumped her cart into his. They chatted for a while and really hit it off. Now they're boyfriend and girlfriend. Of course, we talked much more than this.*
- *I remember that day really well mainly because Luke is my closest friend and I had missed him so much while he was gone. I was so happy to see him back, even just for a few days.*

- *Don't forget:*

# Part1

- *What do you like about your hometown?*
- *Do/Would you enjoy living in the countryside?*
- *Do you think mathematics is important?*
- *Are you still in contact with friends from your childhood?*

## *Do/Would you enjoy living in the countryside?*

- *Yeah, I guess I would. If I lived in the country, I would be outdoors every day, doing all sorts of activities, like hiking, picnicking, picking fruit from orchards and so on. I've always had this dream of living near an orchard so that I could eat a lot of delicious fruit every day haha. Living in the countryside might make this dream come true.*

## *Do you think mathematics is important?*

- *Yes, I think it is, especially basic math, like addition, subtraction, multiplication and division. They can be used in many everyday situations. For instance, when I go to a market to buy stuff, I might need to do some math to work out how much I need to pay.*
