

IELTS Speaking Part 1: "When" Questions

When did you last go travelling?

Honestly speaking I can't quite remember because it was ages ago. I mean, I guess it must have been around 4 or 5 years ago, when I had just finished middle school and went on holiday with a few friends to Hainan Island.

When was the first time you used a mobile phone?

Well if my memory serves me correctly, I suppose it must have been when I was about 15 or 16, because that was the time when most of my friends started getting them, so I didn't want to feel left out!

When did you last have a visitor to your home?

Well, it's hard to remember exactly, because it was quite a while ago, but I guess it must have been something like 6 or 7 months ago, when my dad invited a few colleagues from work over for dinner.

When did you last watch a film?

Actually it was pretty recently, probably only about 3 or 4 days ago or something, but I only watched about half of it, because it wasn't really that good.

When will you study abroad?

Well if everything goes to plan, I'll be going there later this year, in about 5 or 6 months' time, basically as soon as I graduate from university here.
