## 11-3-1

Yes, of course. OK. Then let's start with a couple of events especially for children.

The art gallery is holding an event called 'Family Welcome' that day, when there are activities and trails to use throughout the gallery.

That sounds interesting. What time does it start?

The gallery opens at 10, and the 'Family Welcome' event runs from 10.30 until 2 o'clock. The gallery stays open until 5. And several times during the day, they're

going to show a short film that the gallery has produced. It demonstrates how ceramics are made, and there'll be equipment and materials for children to have a go themselves. Last time they ran the event, there was a film about painting, which went down very well with the children, and they're now working on one about sculpture.

I like the sound of that. And what other events happen in Burnham?

Well, do you all enjoy listening to music?

Oh, yes.

Well there are several free concerts taking place at different times – one or two in the morning, the majority at lunchtime, and a couple in the evening. And they range from pop music to Latin American.

The Latin American could be fun. What time is that?

It's being repeated several times, in different places. They're performing in the central library at 1 o'clock, then at 4 it's in the City Museum, and in the evening, at 7.30, there's a longer concert, in the theatre.

Right. I'll suggest that to the rest of the family.

Something else you might be interested in is the boat race along the river.

Oh, yes, do tell me about that.

The race starts at Offord Marina, to the north of Burnham, and goes as far as Summer Pool. The best place to watch it from is Charlesworth Bridge, though that does get rather crowded.

## 11-3-1

And who's taking part?

: Well, local boat clubs, but the standard is very high. One of them came first in the West of England regional championship in May this year – it was the first time a team from Burnham has won. It means that next year they'll be representing the region in the national championship.

## 11-3-1

SUE: Now I've heard something about Paxton Nature Reserve. It's a good place for spotting unusual birds, isn't it? Q7

MARTIN: That's right – throughout the year. There is a lake there, as well as a river, and they provide a very attractive habitat. So it's a good idea to bring binoculars if you have them. And just at the moment you can see various flowers that are pretty unusual – the soil at Paxton isn't very common. They're looking good right now. Q8

SUE: Right. My husband will be particularly interested in that.

MARTIN: And there's going to be a talk and slide show about mushrooms – and you'll be able to go out and pick some afterwards and study the different varieties. Q9

SUE: Uhuh. And is it possible for children to swim in the river?

MARTIN: Yes. Part of it has been fenced off to make it safe for children to swim in. It's very shallow, and there's a lifeguard on duty whenever it's open. The lake is too deep, so swimming isn't allowed there. Q10

SUE: OK, we must remember to bring their swimming things, in case we go to Paxton. How long does it take to get there by car from Burnham?

### Section

11 A  
12 C  
13 C  
14 A

Good morning. I'm very pleased to have this opportunity to say a little about two exciting new developments in the city: the Brackenside Open-Air Swimming Pool and the children's Adventure Playground in Central Park. As many of you may know, the idea for these initiatives came from you, the public, in the extensive consultation exercise which the City Council conducted last year. And they have been realised using money from the SWRDC – the South West Regional Development Commission.

Q11

First of all, Brackenside Pool. As many of the older members of the audience will remember, there used to be a wonderful open-air pool on the sea front 30 years ago but it had to close when it was judged to be unsafe. For the design of this new heated pool, we were very happy to secure the talents of internationally renowned architect Ellen Wendon, who has managed to combine a charming 1930s design, which fits in so well with many of the other buildings in the area, with up-to-the-minute features such as a recycling system – the only one of its kind in the world – which enables seawater to be used in the pool.

Q12

Now, there has been quite a bit of discussion in the local press about whether there would be enough room for the number of visitors we're hoping to attract, but the design is deceptive and there have been rigorous checks about capacity. Also, just in case you were wondering, we're on schedule for a June 15th opening date and well within budget: a testimony to the excellent work of local contractors Hickman's.

Q13

We hope that as many people as possible will be there on June 15th. We have engaged award-winning actress Coral White to declare the pool open and there'll be drinks and snacks available at the pool side. There'll also be a competition for the public to decide on the sculpture we plan to have at the entrance: you will decide which famous historical figure from the city we should have.

- 24 A TUTOR: Thanks, Philip. So now I guess the two main things to remember here are to identify individual talent and then to utilize it. So Janice, *you* were looking at identifying different talents in workers. Do you think this is easy for managers to do?
- 25 B
- 26 A
- 27 B JANICE: Well, currently teamwork is in fashion in the workplace and in my opinion the importance of the individual is generally neglected. What managers should be targeting is those employees who can take the lead in a situation and are not afraid to accept the idea of responsibility. Q24

JANICE: Yes, that may be true but I think one of the most important tasks of managers is to consider the needs of the individual on one hand and group co-operation and conformity on the other. It requires creative thinking on the part of management to avoid tension. Q25

- TUTOR: So Janice, what kind of people do you think companies should be looking for?
- JANICE: Well, it has to start from the very beginning when companies are looking for new employees. When the personnel department is choosing between applicants they need to look for someone who's broken the mould and can think for themselves. Instead, people making these decisions often use a range of psychological tests to see if a person is a problem solver, or will do as they're told. I'm not convinced these qualities are actually the most important. Q26
- TUTOR: So do you think being a good team player is overrated?
- JANICE: No, it's not overrated. You do need to learn the rules and learn them fast. No individual can get around this if you're working in an organization.
- TUTOR: So how should managers deal with this?
- JANICE: Rewards. When an individual demonstrates the behaviour the organisation expects, some kind of incentive can be given. What's important here is that this happens right at the beginning so new recruits learn the rules of the system immediately. Also the incentive should be something the individual actually wants, and this isn't always just money. Q27
