### Mirrors

Do you often look at yourself in the mirror?

Well, I look at myself in the mirror almost every day before I leave my house to check my hairstyle and to put on my contact lens. But when I get up too late, I will just dash out of the room without even taking a glance to the mirror.

## Part one

### Mirrors

## Part one

### Mirrors

Have you ever bought mirrors?

Yes, I actually bought a mirror with built-in LED light and I place it in my bathroom. Basically, it's a mirror that can spread a soft and diffused light, enabling me to do my make up properly and giving me a pleasant start in the morning.

## Part one

### Mirrors

## Part one

### Mirrors

Do you usually take a mirror with you?

Yes, I do. It's necessary for me to carry a mirror with me so I can check my hair style. Or sometime eyelashes might get into my eyes and stuck in contact lens, that's a moment I definitely need a mirror so I can take it out.

No...not really, first of all, I don't look at myself in a mirror that often. Plus, I feel it's pretty easy for us to find mirrors in some public places, like in a bathroom or a fitting room, which means I don't need to use my own mirror for grooming.

## Part one

### Mirrors

Would you use mirrors to decorate rooms?

yes/ no  
分情况

## Part one

### Mirrors

Would you use mirrors to decorate rooms?

Yes...I feel need to put a mirror in my bedroom as my room is a bit small and a mirror, ideally a standing mirror will make the place look more spacious and brighter. Plus, it can make it easier for me to change my outfits. Also, I feel a wood framed standing mirror will totally fit in the vintage decoration style of my bedroom.

How do you plan your time in a day?

## Part one

### Time Management

How do you usually celebrate the Time Management?

通常，我所做的就是写一个待办事项清单，这样我就可以知道我每天需要完成多少任务。然后，我只是优先考虑这些任务。例如，如果我有一个一周内到期的作业，那肯定会排在列表的顶部。我发现计划我的一天的方法非常有用，帮助我提高了很多效率。

## Part one

### Time Management

How do you usually celebrate the Time Management?

Usually, what I do is to write a to-do list so I'm able to know how many tasks I need to finish everyday. Then, I just prioritize those tasks. For example, if I have an assignment due within one week, that definitely will go to the top of the list. I find that method of planning my day is pretty useful, helping me to boost my efficiency a lot.

## Part one

### Time Management

#### Is it easy to manage time for you?

Honest, no...cos my procrastination is pretty bad. I tend to avoid those heavy or arduous work from my studies. So what happens a lot is that I always play my mobile phone or check some videos on social media one week before the due date. Then, I will pull two or three all-nighters right before the due date to make sure I can hand in those assignments on time. So I guess I really need a digital detox.

## Part one

### Time Management

#### **When do you find it hard to allocate time?**

I guess when I have load of work to do within a short period of time, for example, at the end of each term, I usually have many tests, which means I need to most of my time on reviewing what I've learnt to prepare myself for those upcoming exams. At the same time, things like grocery shopping, taking care of my cats still carry one in my life. I do need to spare some time to maintain those routines as well.

## **Time Management**

**Do you like being busy?**

分情况

## Part one

### Time Management

#### Do you like being busy?

是的.....有时，忙碌可以为我创造一种成就感，让我觉得我没有浪费我的生命。但是，我不喜欢长期忙碌。忙碌的日子太多会让身体感到疲惫，更重要的是，这让我没有时间反思我的生活。所以对我来说最好有一个平衡的工作和生活时间表。

## Part one

### Time Management

#### Do you like being busy?

Yea...sometimes, being busy can somehow create a sense of fulfillment for me, making me feel I'm not wasting my life. However, I don't enjoy being busy for a long term. Having too many hectic days can make me feel exhausted physically and more important, it leaves me no time to reflect on my life. So it's best to have a balanced work-life schedule for me.
