考官介绍:

June 考官在 2018-2021 年 3 年多期间,一直在中国大陆区担任雅思考官,曾在上海、南京、杭州等很多城市负责雅思写作和口语的评分。数以万计的中国考生口语分数都来自她手。她也是少有的华裔雅思考官,对中国考生口语考试中出现的问题(比如背诵答案、语调缺少起伏)非常熟悉。作为一名经验丰富的 ESL 老师,她也非常了解如何帮助大家提高雅思口语分数。June 目前在英国任牛津大学语言测试中心的考官,仍然处于语言考试一线。此前与 June 考官上过一对一课程的同学,很多都顺利提高了 1-1.5 分,这次考官口语小班训练课程,她很有信心可以两周内帮助参加的同学提高至少 1 分。而且 June 考官可以中英文双语授课,整个行业内可以中文授课的中国区雅思考官只此一位!

课程价格	雅思考官中英文直授 6 次课 每堂 2 小时 共 12 小时直播课 +考官口语模考一对一指导 1699 元	市面上没有任何考官亲自带队训练营,更没有会说中文的中国区雅思考官抠细节辅导; 市场价普遍 3000 元以上,甚至上万 1000 以下的价格,要么是人数很多的大课,要么仅为普通老师录播课
教师资历	June 在中国大陆担任雅思考官 4 年,现在仍然在牛津大学做考官!她对于雅思口语的考试流程、评分项、得分点等极度熟悉。她本人是加拿大华裔,中英文教学均可,此前上过她课的同学都感叹她给的东西干货十足,提分明显!(详情请参考右侧考官介绍)。	鱼龙混杂,很多老师无法确认其资历真实性 只要留过学,口语分数高一些,都说自己是老师... 一到换题季,买别人的口语素材拿去给自己的学生用,还说是自己原创,这样的“老师”比比皆是。
教学内容	June 考官亲导 8 人小班带练: 教授语音语调短期提分技巧; 提供考官认同可加分的 Part1/2/3 回答模式及考官范文、实战练习; 教会学生面对新题、没准备过的 part1/2/3 应当如何正确应对和练习! (以上仅为部分内容举例)	大部分以讲解技巧、让学生背单词、写素材为主,但考官真正要的是什么,并没有人敢给出最准确的答案;即使有训练,也只能给出广义上的建议。由于对中国学生实际考场情况并不熟悉,对于学生练习中存在的特定问题,无法一针见血的提出解决办法。
考官模考	课上课下都会有大量练习(重点训练 9 月新题),练习形式多样,口语课上老师会有计时练习;课下群内练习会有小助手负责监督完成。每位同学课程结束后有一次完全模拟真实考场环境的 June 考官模考+打分+一对一指导!	学生课堂练习很少,课后练习的反馈基本属于“抽奖”式评价。并无法做到所有人都得到细致反馈。中国区雅思考官的口语模考,这样的机会更是罕见。

Describe a park or a garden in your city

You should say:

When you often go there

Where it is

Who you often go there with

And explain what it is like/why you like it

1. 花园/公园

I'm going to describe a park in the downtown area of my city. If memory serves correctly, it just opened to the public a few months ago. I love going there for walks with my dog.

It's a bit of an unusual location. Normally you expect parks to be located far away from the city centre. But there was some open space in the city core that they repurposed as a public park. There are lots of trees there, as well as a big green space in the middle that people let their dogs run around in. I also see lots of kids there playing catch or hide and seek. It's a great spot for the community. It's also nice to have a bit of nature in the heart of the city.

I usually go there with friends when we've got some free time, mostly on weekends. I bring my dog and let him play with the other dogs there. Then my friends and I debrief on whatever's going on in our lives. It's a really nice way to relax after a long day of work. Sometimes, I like going to the park by myself. It's important to have some quiet time as well.

The park itself is a really lovely space. Even though it's often crowded, it's nice to breathe some fresh air and enjoy the environment. Plus, I find it really fun to people-watch. Overall, it's nice to have a place for people to gather that isn't all concrete. I really love this park.

译文:

我想要介绍一下我们市中心的一个公园。没记错的话,这个公园是几个月前才对外开放的。我非常喜欢带我的狗去那里散步。

公园的位置稍稍有点儿特别。一般来说,公园大部分都建在离市区比较远的地方,但因为我们的市中心有一些空地,所以被重新规划为了公园。公园里有很多树,中间还有一大片绿地可以让狗狗们跑来跑去。我还经常看到有小孩在那里玩接球或者捉迷藏的游戏。这真是个适合社区聚集的好地方。在城市中心有这么一片绿地也真的很不错。

我通常在空闲时间,尤其是周末,会和朋友一起去那里。我会带着我的狗,让他和其他狗子们玩。然后我和朋友就在那里闲聊一下最近都发生了什么事,这真是忙碌一天后让人能放松一下的好方式。有时候,我也很喜欢一个人去公园,有一些安静的独处时间也是很重要的。

这个公园真的是个很棒的地方。尽管来这里的人很多,但能呼吸到新鲜空气,享受一下大自然真是太好了。而且,我觉得看人来人往的也挺有意思的。总的来说,有这样一个不全是水泥钢筋组成的能让人聚集的地方真是太好了。我非常喜欢这个公园。

Describe a painting

You should say:

When you first saw this painting

What the painting is about

Who the painter is

And explain how you feel about this painting

2. 描述一幅画

When it comes to paintings, the first one that comes to mind is actually a painting that my younger sister made. She's a really talented artist. Even though she hasn't even graduated high school yet, she has such a passion for art. I'm sure it'll take her far in life.

Anyways, she created this particular painting as a present for our parents on their anniversary. It's of our old house's living room – you know, the couch, the TV, and even our coffee table with fruit on it. The details are all spot-on. She also managed to give the painting a sense of warmth that really invites the viewer in. This was an especially thoughtful gift because we actually had to move out of our family home when we left for a bigger city. So we all miss the old home. But seeing it in this painting makes us feel like it's still there waiting for us.

I never thought still- life paintings were that interesting. But when it's a painting of a place that has a lot of sentimental value, it just makes the painting all the more incredible. Honestly, I'm jealous that my parents get to keep the painting. I would love it if my sister could make another painting like that for me.

All in all, I really like the painting. It not only captures a place that is special to my family, but it also looks stunning. It shows just how talented my sister is, which makes it extra valuable.

译文:

说到画作, 我首先想到的其实是我妹妹画的一幅画。她真的是个很有才华的艺术家。尽管她还没从高中毕业, 但她对艺术有着非常强烈的热情。我相信这会让她在人生道路上走得更远。

她之前为给我们父母庆祝结婚纪念日创作了这幅很特别的画。画的是我们以前旧家的客厅, 画上有我们以前家里的那张沙发、电视, 甚至还有放着水果的茶几。每一个细节都画得非常到位。她还成功地让这幅画散发出一种很温馨的感觉, 真的让人觉得很想进入这个场景中。这是一份特别贴心的礼物, 因为我们实际上是因为搬到一个更大的城市而不得不离开以前的家。所以大家都很想念旧家。而看到这幅画, 就觉得好像那个家还在那里等着我们。

我从没觉得静物画有多么有趣。但当这幅画描绘的是一个有很多情感价值的地方时, 它就变得非常不可思议。老实说, 我真的很羡慕我的父母能够留存着这幅画。我希望我妹也能再为我画一幅类似的作品。

总的来说, 我真的很喜欢这幅画。它不仅画出了对我家庭来说非常特别的一个地方, 而且看上去也非常漂亮。这更显示了我妹妹有多么有才华, 也让这幅画变得更加珍贵。雅思过过过淘宝店铺原创 (Copyrights to 雅思过过过淘宝店铺)

Describe a photo that makes you feel happy

You should say:

When and where you took the photo

What the photo is like

How often you watch the photo

And explain why it makes you feel happy

3. 让你开心的照片

I'm going to talk about a beautiful photo of a sunset that I took not too long ago. **If memory serves correctly**, I took this picture a few weeks ago. The weather that day was fantastic. My friends and I decided to **take a day trip to** a nearby beach. We spent most of the day swimming and relaxing on the shore. Then, as the sun was setting, I got my phone out and took a few pictures. I had to **crouch low to get the right angle**, but I thought it was worth it for the chance to take a good photo. 雅思过过过淘宝店铺原创

I wasn't expecting the photos to turn out very well. After all, **pictures rarely do these kinds of sights justice**. But when I looked at them the next day, I was pleasantly surprised to find that they were breathtaking. One of them in particular **caught the light just right**. **The sky literally looked like it was on fire**. It was so amazing.

I quickly shared the photo with my friends. They all agreed that it was a great photo. They encouraged me to post it on social media, which I did. **It got a ton of likes and comments**. I felt really good about it.

This photo left a deep impression on me. I'm proud of it because the **composition** and the lighting look really great. It's clear that I took it at just the right angle, which makes me **feel accomplished**. I'm so glad I could capture such a beautiful sight. 雅思过过过淘宝店铺原创

我要讲的是不久前我拍到的一张美丽的日落照片。**如果没记错的话**, 这张照片是我几周前拍的。那天的天气非常好。我和朋友们决定去附近海滩**一日游**。我们大部分时间都在游泳和放松。然后, 当太阳落山时, 我拿出手机拍了几张照片。我不得不**蹲下以找到不错的拍照角度**, 但我认为这是值得的, 因为我有机会拍到一张好照片。 雅思过过过淘宝店铺原创

我没想到照片拍得这么好。毕竟, **照片很少能准确地描绘出这类美景**。但当我第二天再看它们时, 我惊喜地发现照片拍的很棒。其中有一张**捕捉到的光线特别好**。**天空看起来就像着火了一样**, 太神奇了。

我很快把照片分享给了我的朋友们。他们都认为这是一张很棒的照片。他们鼓励我把它发到社交媒体上, 我照做了。**那张照片得到了大量的赞和评论**, 我感觉非常开心。 雅思过过过淘宝店铺原创

那张照片让我印象很深, 我为拍到这张照片感到很骄傲, 因为它的**构图**和灯光看起来都很棒。很明显, 我拍摄的角度刚刚好, 这让我**感觉很有成就感**。我很高兴能捕捉到如此美丽的景色。

Describe a time when you had a problem with using the computer

You should say:

When it happened

Where it happened

Why the computer couldn't work

And explain how you solved the problem at last

4. 电脑出现故障

I'm going to talk about the time my computer kept shutting down. If memory serves correctly, this happened a year ago. At the time, I was studying for a really important test. My computer had all my notes on it, so it was definitely a necessity. But to my surprise, it kept randomly shutting down. I was so confused. I was also really frustrated because my notes wouldn't save when the computer shut down by itself. ● 雅認過過過过寸淘寶店鋪原創

I'm not the most tech-savvy person. I tried restarting it, but the issue kept happening. At the time, I was living away from home. So I couldn't get my parents to look at it for me. Finally, I brought my computer to a tech repair store. They checked it out and told me that I would have to replace the battery. Even though I was charging it like normal, it just wasn't working. I was so stressed about having to get a new battery. Replacing a battery isn't exactly cheap. But it was cheaper than buying a whole new computer. So I forked over the cash and hoped for the best 雅認

品品过寸淘寶店鋪原創

A week later, my computer was just like new. The new battery was working great, and I didn't have any more issues with it. I even managed to pass my test with flying colours. Still, I'm really annoyed that my computer had that issue. It cost me a lot of time and money to fix. Computers can be so touchy sometimes.

Describe someone you don't know but would like to know more about

You should say:

Who this person is

What interesting things he / she has done

Why you want to know more about him / her

5. 不熟但想了解更多的人

I'm going to talk about my neighbour Lisa. **If memory serves correctly**, I first met her a few months ago. That's when she moved into my apartment complex. I remember she had a ton of boxes even though she was living on her own. She said that she had over thirty pairs of shoes, which was really interesting to me. We didn't get to talk too much that day, but she did tell me she works in fashion. **That would explain all the shoes!**

伊寶店舖源創

Since then, I haven't had many chances to talk to her. But she definitely **caught my attention**. Whenever I see her, she's always wearing the most stylish outfit. She **obviously has an amazing eye for fashion**. Besides her clothes, she also has a really cute black cat. I love animals, and I would definitely love to get to know her cat.

Anyway, I think **getting to be friends with Lisa** would be great for me. I'm always trying to meet new and interesting people. **Lisa definitely fits the bill**. She seems so bold and outgoing. I'd love to hear more about her job. **We might not have that much in common**, since I'm a quieter and more introverted person. But I believe **opposites attract, even with friends**.

Besides, she just seems like she has a cool and interesting life. Some of the clothes she wears seem like they're from **designer brands**. Maybe she can even help me find some new clothes!

Describe a rule you like in your school or at work

You should say:

What rule it was

Who imposed this rule

How you felt about this rule

And explain how this rule helped the class/your work.

6. 学校/工作中的规则

When it comes to a rule I like at work, the first one that comes to mind is that people with the most seniority get to choose their vacation days first. Of course, this rule isn't popular with the employees who just joined. I remember that when I first started at my company, I was frustrated because I got to pick my vacation days last. All the good holidays were already booked off by people ahead of me. But since I've had this job for a few years now, I really like getting more of an advantage.

As far as I know, this rule was imposed by our boss way before I started working there. He decided that it was only fair that the people who had worked there the longest got to have the most benefits. Even though I didn't like the rule at first, I'm a big fan now that it works in my favor. I think it makes a lot of sense. The newbies shouldn't get first dibs on valuable vacation time. They might end up quitting so it would be a waste. But the people who have actually committed a lot of time to this job are less likely to leave.

This rule helps everyone at work by giving us a reliable system to pick vacation days. Instead of a chaotic free for all, we get a turn to pick vacation. It's a system based on seniority but in the end, I do think it is the fairest option.

Describe a person who likes to cook for others

You should say:

Who this person is

How you know him or her

What he / she likes to cook

And explain why you think this person is good at cooking

7. 喜欢烹饪的人

I'm going to talk about my friend James. James is an amazing cook. Even though he's a young person like me, **he's mastered a bunch of different techniques**. I think he might even consider getting professional training. He would definitely succeed if he wanted to do a course or something. 雅恩過過過淘寶店舖原創

Anyways, James is **a very hospitable person**. I met him **through a mutual friend at a party**. He had brought a ton of **delicious appetizers**. When I asked him about them, I was pleasantly surprised to learn that he had made them himself. 雅恩過過過淘寶店舖原創

Since we met, he's invited me over lots of times. Whenever we hang out, he always makes us something amazing to eat. He really likes cooking noodle dishes. One time, he made **a cold noodle dish** that **absolutely blew me away**. I didn't expect to like cold noodles, but the way he prepared them was fantastic. 雅恩過過過淘寶店舖原創

I believe he's such a good cook because he's really into cooking. He mentioned that he loves watching various cooking videos and picking up new and unique cooking methods. Additionally, **he cooks from the heart**. He even asks about the preferences of the people he's cooking for. If you really like spicy food, he'll find a way to incorporate spice into the recipe. **That attention to detail makes him stand out as a cook**. I think that if he were to ever open his own restaurant, **it would be packed every night**. He's definitely **destined for culinary success**. 雅恩過過過淘寶店舖原創

Describe a party that you enjoyed

You should say:

When you went to the party

Where the party was held

What kind of party it was

And explain why you enjoyed this party

8. 喜欢的聚会

I'm going to talk about a birthday party for one of my friends. If memory serves correctly, this happened a couple months ago. One of my oldest friends, Jane, was getting ready to turn 30, which is a significant milestone in China. She's quite into parties, so she planned a big one for herself. She invited tons of people and went all out with the decorations. She even ordered some beautiful flower arrangements that made the whole thing feel very fancy.

The party was held on the roof of Jane's apartment. It was so cool because it offered a beautiful view of the city. It was especially breathtaking once it got dark because you could see all the city lights. Jane also had a great playlist, so it really felt like we were in a movie. Everything was so nice. ☆ve 雅思过过过淘宝店铺原创✓

Plus, the food was amazing. Jane provided lots of appetizers, all of which were pretty mouth-watering. Of course, she also had a big cake for dessert. We lit some candles and sang to her for her birthday. She had the biggest grin on her face. I was glad that she was so happy. 雅思过过过淘宝店铺原创✓

As for why I enjoyed the party, well, first of all, it was my first time attending a party on a rooftop, which was a unique experience. Also, because of the pandemic, it had been a while since I had seen many of these friends. At Jane's party, we got to cut loose and have a good time together. It was definitely a memorable time.

And explain why you are interested in this subject

9. 感兴趣的科学领域

When it comes to a science subject that **fascinates me**, the first one that **comes to mind** is biology. I'm **specifically interested in** human biology, although I've heard marine biology is pretty neat as well. There are just so many interesting things to learn about the human body. If you've ever had a cold or any other kind of sickness, you quickly learn just how delicate they can be. Learning about the various systems of the body and **how they all work in harmony** sounds pretty cool to me.

If memory serves correctly, my first encounter with biology was during high school. In science class, we had a unit on biology, meaning that we learned about the basics for a few weeks. We didn't get to focus on it all semester though. So, it piqued my curiosity but I didn't get the chance to study it further. When I went to university, I took an introductory course in biology. It was really challenging, but it was also very interesting.

I think that biology is one of the most important subjects you could study. It teaches you all about how life on Earth works. **That obviously has tons of applications.** If you want to learn how to cure diseases or how to improve the body, then you have to be a master in biology. The study of biology can literally save lives. I'm so interested to see **what innovations biologists will come up with in the future.** ご 薩 認 寸 過 過 陶 寶 店 鋪 娘 創 し ov e

And explain why he can speak Chinese well

10. 汉语很好的外国人

I'm going to talk about my friend Jack. **If memory serves correctly**, I've known Jack for about three years. I first met him through a friend. In fact, he was dating my friend Lisa. I met him at **a party that Lisa was throwing**. He made a great first impression. The thing that impressed me most was that he spoke fluent Chinese. I was pretty surprised, since Lisa had told me he's from Canada and he doesn't come from a Chinese family.

I asked why he could speak the language so well. He told me that when he was in university, he became close friends with a Chinese exchange student. That friend taught him some of the basics of Chinese, which sparked an interest in learning the language properly. So he actually came to China for a few years and improved his skills pretty drastically. Now, he's very proficient at Chinese. He almost sounds like a local!

I think it's really cool that Jack decided to dedicate so much time to learning Chinese. After all, it's not an easy language for foreigners to master. There are so many **different tones** that you have to remember. It's hard if you grow up speaking a language like English, which doesn't really have different tones. I wish that more foreigners would **take an interest in** learning Chinese, or at least in learning other languages. It helps you make very cool connections. And **in Jack's case**, it can even help you find love with someone who speaks that language!

Describe an activity that made you feel tired

You should say:

When it happened

Where it took place

What the activity was

And explain why it made you feel tired

11. 让你觉得很累的活动

When it comes to an activity that made me feel tired, I'm going to talk about the time I went on a hike with my friends. I'm not the most physically active person, but when they suggested it, I thought it would be fun. The problem is that my friends are in way better shape than I am. So when they said it would be an easy hike, what they meant is that it would be an easy hike according to their standards. But for me, it was definitely not a walk in the park. oo0 雅思过过过淘宝店铺原创

The hike happened a few weeks ago. We got up super early so that we could see the sunrise. Actually I was already tired when we got to the trail. Then we had to hike up a big hill. It was only supposed to take two hours, but I was so out of breath that I had to keep taking breaks. I could tell that my two friends were a little impatient, so I told them they could go ahead without me. So for the last part of it, I was basically hiking alone.

We did make it to the summit in time for the sunrise, and I loved the view. But I was completely winded. Thankfully, going downhill was way easier. When I got home, I crashed on the couch and took a long nap. I was so exhausted, not only from waking up early but also because of how physically demanding the hike was.

Describe a sportsperson you admire

You should say:

Who he / she is

What you know about him / her

What he / she is like in real life

What achievement he / she has made

And explain why you admire him / her

12. 敬佩的运动员

When it comes to a sportsperson I admire, **the first one that comes to mind** is Serena Williams, an American tennis player. You've probably heard her name before. She's **widely recognized as** the best female tennis player of all time. Even though I don't know that much about sports, **I've followed her career over the years.**

She and her sister Venus were trained by their dad to become tennis superstars. So she's been dedicated to the sport ever since she was a little girl. Even though Serena is faced lots of obstacles, she's remained persistent and she's **overcome the odds**. She has so much **raw talent** that she managed to turn into an amazing career. It's said that Serena is the highest-earning woman athlete of all time, which is incredible. She's also **won thirty-nine major titles**. She's broken so many records and is definitely admired by many. ；雅恩過過過寸綢室店舖額創；

As for what she's like in real life, she seems to be very smart and kind. She's a super strong and confident woman. I know that she's inspired tons of tennis players, including some famous ones like Naomi Osaka. **Her legacy is definitely unquestionable.** ；雅恩過過過寸綢室店舖額創；

Although I'm not the kind of person who would ever want to be a professional athlete, **I'm still inspired by her life**. She worked so hard to get to where she is now. Even though she doesn't play tennis anymore, she's definitely **earned her spot in the sports hall of fame**. I hope that more athletes will **strive to live up to her amazing standards.**

Describe a good advertisement that you think is useful

You should say:

Where you can see it

What it shows

Why you think it is useful

And explain how you feel about it

13. 有用的广告

When it comes to a good advertisement that I think is useful, **the first one that comes to mind** is an anti-smoking ad that I saw a few years ago. Even though I saw it that long ago, it's still **stuck in my mind**. That proves it's an effective ad. 88 雅思过过过淘宝店铺原创

I saw it on a website while I was **scrolling through**. The ad shows an old woman in front of a birthday cake with candles. She has a cigarette in her mouth that **she's about to light**. The woman looks like she's in her seventies or eighties, but the number on the cake is forty-two. It makes you **think for a second**. Basically, **the point of the ad** is that **smoking ages you**. In case you miss the message, there's text at the bottom of the ad that says "Smoking causes premature ageing." Then there's a picture of **a nicotine patch**, which is the product being advertised. Those patches are sold to help people get over their craving for cigarettes. 00 雅思过过过淘宝店铺原创

I think this is a really useful ad because it makes people think about the long-term dangers of smoking. Sometimes anti-smoking ads can be gross because they'll show diseased lungs and stuff like that. But this **subtle kind of ad** not only **catches your attention**, but also reminds you of the bad side effects of smoking.

As for how I feel about it, I think this kind of advertising is important. I really like how smart and effective it is. 雅思过过过淘宝店铺原创

Describe an exciting activity you did with others.

You should say:

What you did

Where and when you did this

Who you shared the activity with

And explain why this activity was new or exciting for you.

14. 和他人做过的刺激的活动

I recently tried skydiving for the first time. **I did the skydive** while I was on vacation in Dubai last April. The experience was a graduation gift from my boyfriend, and he surprised me with it while we were on holiday.

The sky dive took place **overlooking the famous Palm Jumeirah Island**, which is **a cluster of artificial islands** on Dubai's shoreline. The view from above while **parachuting down** was amazing! It was **a tandem jump** which means I was strapped on to an instructor. There was also a camera jumper who recorded the whole thing on a video. My boyfriend had done the jump previously, so he waited for me at the bottom and watched me float down. The instructor **deployed the parachute** and **took care of all the safety protocol**, so I didn't have much to do besides enjoy the ride. 雅思过过过淘宝店铺原创

The most thrilling part was the initial jump out of the plane and **the free-fall at 120 miles per hour**. I was surprised at how cold the air was at the beginning of the jump and at **the force of the wind on my face and hair**. Once the parachute was open though, it was smooth sailing until we touched down. 雅思过过过淘宝店铺原创

Anyway, jumping out of a plane is probably the scariest and most exciting activity I've ever tried. I'm proud of myself for facing my fears and going for it despite my nerves. Now I have an amazing memory from my trip to Dubai that **I'll cherish for a lifetime**. 雅思过过过淘宝店铺原创

Describe a person who always has interesting ideas or opinions

You should say:

Who this person is

What this person does

How you knew him / her

And explain why you think his / her ideas or opinions are interesting

15. 想法有趣的人

The first person that comes to mind for me is Wim Hof who is also known as “The Iceman”. He's well known for his ability to withstand cold temperatures. If you learn more about him, you'll see he has many unusual ideas to test how much people can do. He's broken 26 world-records and all of them are related to snow and ice. Some of his records include the longest swim under ice, the fastest barefoot half-marathon on ice, and the longest full-body exposure to ice. He thinks being in cold often, deep breathing, and meditation are good for health.

The first time I heard about him was on a podcast 3 years ago. It caught my attention, so I decided to read his book called *The Wim Hof Method* and watch some documentaries about him.

I think his unique ideas come from his brave and adventurous nature. He definitely has an interesting and original approach to health and fitness, but his methods are controversial. Even though some people have experienced health benefits from practicing his methods, some people have fainted and even died while practicing. Even Wim Hof himself nearly died during a swim under ice. He wasn't wearing goggles and his eyes froze. Then he passed out under the water and had to be rescued. That just goes to show you that we should be cautious about fully believing his creative ideas. Personally, I hate the cold, so you won't catch me experimenting with cold exposure therapy any time soon!

Describe a successful businessperson you know (e. g. running a family business)

You should say:

Who this person is

How you knew him / her

What business he / she does

And explain why he / she is successful

16. 成功的商人

When it comes to a successful businessperson I know, **the first person who comes to mind is** my friend Lei. Even though she's a young person like me, she's actually doing quite well for herself. I first met Lei when we were in high school together. For as long as I've known her, she's always been very driven and ambitious. So when she told me that she had started **a dog-walking business**, I was surprised but **I had total faith in her**.

If memory serves correctly, she first opened her own business three years ago. I didn't know that there was **such a big customer base** for this kind of thing. But she **established a pretty big client base** within a few months. There are lots of people in our city who own dogs, but don't always have the time to walk them properly. For example, some people work long hours at their job and can't get home in time to walk their dog when it needs to go out. So Lei will walk their dog for them, which **saves them a lot of worry and stress**.

Lei's business **boomed through word of mouth**. Her customers recommended her services to their friends because of how friendly and efficient she is. Lei will take a group of dogs to a park and let them run around and socialize with other dogs. That way, they get lots of exercise and they have fun with each other. I think she's successful because she works hard and **has followed her passion for animals**.

Describe a beautiful city

You should say:

Where the city is

How you knew the city

What buildings the city has

And explain what it is famous for

17. 美丽的城市

When it comes to a beautiful city, **the first one that comes to mind is** Toronto. It's a major city in Canada. I've only visited once, but **it really stuck with me**. **If memory serves correctly**, I went there a few years ago to visit a friend from university. 雅思过过过淘宝店铺原创

I really **enjoyed seeing the sights**. Toronto is a very metropolitan city. There are tons of beautiful skyscrapers. If you see them at night, it looks magical. But there are also a lot of green spaces. We went to some parks in the city, which were full of beautiful trees and **open clearings**. We also saw so many cute dogs, which was definitely **a highlight for me**. 雅思过过过淘宝店铺原创

The most interesting part of the city is a place called Toronto Island. You have to take a ferry there from downtown. **It's a pretty short ride across the water**. When you arrive at the island, you can take different paths to get around. There's a petting zoo and some rides for kids, which really surprised me. There are also a few different beaches where you can enjoy the nice, refreshing water. My friend and I spent the entire day there. I totally **got sunburned**, but it was worth it. 雅思过过过淘宝店铺原创

Toronto is probably most famous for the CN Tower, as well as the Blue Jays and their big aquarium. I really loved **the mix of manmade structures and natural spaces**. I think it makes the city a really beautiful and memorable place. 雅思过过过淘宝店铺原创

18. 糟糕的服务

I'm going to talk about the time I went to an Italian restaurant and got really bad service. If memory serves correctly, this happened a few weeks ago. I was celebrating my friend's birthday with her and her family. All we wanted was a nice night out, but it turned out to be a complete mess. せ雅認丹鍋鍋過過賣店鋪創

Things started off on the wrong note when it took ages for the waiter to take our order. He brought us our drinks, but he didn't come back to let us order food for over twenty minutes. We were getting pretty impatient, but everyone kept their cool. But the next problem was that he brought my friend the wrong dish. She gently corrected him, but he argued with her and told her it was the right one. After an annoying back and forth, he finally gave up and apologized for mixing it up. But he totally had a bad attitude about it. せ雅認過過過過賣店鋪創

Our group was not very impressed with his service. But later, when he brought us the bill, he gave my friend a genuine apology. He told her that the kitchen had been mixing up a lot of orders that night and that he was really stressed. He offered her a free dessert for her birthday, which was a sweet way to make up for it.

As for how I feel about it, I'm annoyed that the waiter took his stress out on my friend. But I'm glad he brought her a dessert. That definitely helped. せ雅認過過過過賣店鋪創

Describe a very difficult task that you did as part of your work or studies.

You should say:

What task you did

Why this task was very difficult

How you worked on this task

And explain how you felt about it.

19. 在工作或学习中做过的很难的一件事

I'm going to talk about the time I had to memorize several difficult concepts for an exam in my biology class. This was during my first year of university. It was **an introductory course**, which meant that it covered tons of different areas in the field. It was my first time studying this subject, so I was immediately overwhelmed. But I knew that **if I stuck to it and stayed on track, I could handle it.**

I did pretty well throughout the semester, so **to secure a top grade** I just had to **ace the final exam**. The final exam was worth half of our grade, so **the pressure was on**. I was pretty stressed, but I wanted to do my best. So for two weeks, I dedicated all my time to making flashcards and memorizing every term I might need to know for the exam. I'm pretty sure I had over one hundred cards!

I had a couple different strategies that helped me with the task. For one, I studied with my friends. We quizzed each other, which was not only fun but also helped us memorize the terms more easily. I also gave myself little rewards. For every ten terms I memorized, **I got myself a little treat like bubble tea**. That definitely **worked as an incentive**.

Finally, I managed to **get a near-perfect score on the exam!** So even though it was super hard, I feel good about all the hard work I did.

20. 想见的有趣的人

I'm going to talk about my friend's sister. I've been dying to meet her for years now. If I remember right, I first heard about her at my friend's birthday party. His sister wasn't there, but he told me that we would get along really well. It turned out that she couldn't be there because she was travelling for work. She has a consulting job that sends her all over the world. So it's nearly impossible to meet up with her since she's rarely in the same place as me.

I'm really curious to know what she's like in person. According to my friend, she's one of the smartest people you could ever meet. She's very ambitious and focused, which is how she got such a cool job at a relatively young age. Outside of work, she has lots of cool hobbies. For example, she's an expert scuba diver. She got her certification on a work trip and has gone on lots of amazing scuba diving expeditions since then. She's super well-travelled, so I bet she has a bunch of great travel stories to tell. © 雅恩过过过淘宝店铺原创

I'd really like to meet her, not only because she's my friend's sister but also because I think I could learn a lot from her. I want to have a job with the kind of perks that she has. Describe a period of time that changed your life

You should say:

When it was

Who you were with

21. 改变你人生的一段时期

When it comes to a period of time that changed my life, **the first one that comes to mind is** my first year of university. Not only was I living away from home for the first time, but I also had to figure out how to do things on my own. **It was a really big adjustment for me.** — 雅思过过过淘宝店铺原创 —

When I came to university, I was a pretty immature kid. **I wasn't prepared for the challenges of living on my own.** For example, I **blew through a ton of money** because I kept ordering out instead of dining in the campus cafeteria. I had to learn **how to responsibly budget** very quickly. I also had to take better care of my living space. I couldn't afford to be lazy anymore, because if I **let the mess collect**, it totally ruined the atmosphere of my dorm. — 雅思过过过淘宝店铺原创 —

Besides, that's the year that I met my best friend. We happened to live close to each other in the campus residence. So we **ran into each other** all the time. Eventually, we struck up a conversation and really **hit it off**. Now, I consider her one of the most important people in my life. — 雅思过过过淘宝店铺原创 —

Anyways, that year definitely changed me for the better. Without that experience, I would still be **a sheltered person** with no idea how to handle things on their own. Even though it was a difficult period of my life, I'm grateful for all the lessons I learned. — 雅思过过过淘宝店铺原创 —

22. 等待美好发生

I'm going to talk about the time I waited to go on vacation. Since I'm relatively new at my job, I don't have enough seniority to pick my vacation days. I had to wait until the end of the year to go on a trip. Actually I had planned to go to a seaside town for a short trip. My friends agreed to come along. However, due to the company's policies, I had to wait for nearly half a year. Honestly, I was super impatient. But on the bright side, it was nice to have the time to save up.

When it finally came time for the trip, I was **over the moon**. I was so excited to spend a few days with my friends. We spent one entire day just **lounging around on the beach**. **It made us feel like a million bucks**. Since I had spent months saving up for the trip, I also **splurged on some nice souvenirs** for all of us. Plus, I treated everyone to a fancy dinner at the end of the trip. 88 蒜認過上寸過詢實店舖願創 \

It was an amazing experience. I think that **waiting so long made it all the more special**. **Granted**, part of me was worried that the trip **wouldn't live up to my expectations**. **I had a lot of time to build it up in my head**. But all in all, I did almost everything I had been looking forward to, and I felt grateful that I got to go on such a fun trip with my friends.

Describe a period in history which you are interested in

I have a keen interest in the era when Wu Zetian ruled. She's an amazing **historical figure** because she was the first and only Empress in all of China's history. ◆ 雅思过过过淘宝店铺原创

If memory serves correctly, I first became interested in Wu Zetian several years ago. I was watching a historical drama all about **her rise to power** and what her life was like as Empress. **It totally hooked me**. Normally I don't care much about history. But her story was so fascinating. ◆ 雅思过过过淘宝店铺原创

Based on the show, I know that she started as **a concubine of Emperor Taizong**. But then, after he died, she married his ninth son and became **an empress consort**. Even though she was the Emperor's wife, most historians consider her to be the powerful one in their relationship. She was known to be a very intelligent and influential woman. Then, when he died, she **gained total control of the throne** and began the Zhou dynasty.

You know, it's amazing to hear about a female ruler in a time where it was very uncommon for women to **have that much influence**. I definitely think she's someone to look up to. So I hope to discover more about her. I was especially curious about things like if she encountered any **sexism** even though she was the ruler of the empire. Plus, I hope to learn about **how she was perceived by commoners**. I'll invest some time in reading more historical books to learn more about those aspects. ◆ 雅思过过过淘宝店铺原创

When it comes to an interesting place in China, the first one I can think of is **the Forbidden City**. I'm going to talk about a friend from university who got an amazing job in education. If memory serves me right, I met her in my second year. We happened to sit next to each other in class. She struck up a conversation with me and we hit it off right away. Ever since then, we've been close friends.

She's been passionate about teaching ever since I met her. She really wants to make a difference in kids' lives, which I think is super admirable. It's important for people to be genuinely excited and dedicated to their work when it comes to educating the next generation. Even though we were in different programs, we had a few classes in common so I got to witness how hardworking and focused she is. I always knew she was going to go far.

Not long after we graduated, she got a job in a high school. In addition to teaching some classes, she also helps develop the curriculum for certain programs. That means that she plays a big part in what students will learn in their classes. Not only is she making a difference with the students she teaches directly, but she's also helping other students get the most out of their education.

I consider her to be really successful because it's pretty hard to get a job in education so soon after graduating. It's because she's so driven and has pursued this career with a single-minded focus. I'm so proud of her for achieving her dream.
