## Part 4

语境/话题：松树的报道

31. why does the woman want to choose the pine trees as research object

A. **long history** *older than settlement, outlived the settlers*

C. reflect the science spirit

32. what happened to the pine trees in this area

A. wrong place

B. harmful to habitants

C. **survived**

33. pine trees can not be used as torch

A. **cannot fire or last a long time**

B. heavy smoke

C. weak or faint light

34. pine trees used for making ropes

A. high quality

B. dryness

C. **elastic** *flexible*

name of books/lectures	features	application
		35. chewing <b>gum</b>
		36. <b>medicines</b>
37. oil used in <b>bath</b>		
38. furthest in <b>south</b>	39. <b>native</b> plant	40. <b>water pipes</b>

# 雅思听力真题 T 0817402

## Part 4

语境/话题：澳洲大学介绍

lecture about the introduction of course, an Australian language college orientation

31. three tutors, one family name is needed. surname: John **Wright**

32. please contact welfare department, if you have **personal** matter

*In the recording, female teacher said they only deal with academic problem, no other issues. If it's personal matter, go to welfare department*

course name	aim and method	topic and timing
reading	33. in <b>speed</b>	
oral course		topics from a range of <b>subjects</b>
listening		34. presentation with <b>visual aids</b>
writing	35. achieve a clear <b>structure</b>	36. topic from <b>natural subjects</b>
speaking		37. recommend to prepare in individuals' <b>own subject</b>
38. general <b>language practice</b>	39. to <b>integrate</b>	
oral presentation		40. work in <b>group</b>

## Part 4

语境/话题：公司行为道德研究发展历史

*the development of company ethical behaviour in history by a timeline*

- 31. research has been lasting for **4 decades**
- 32. big companies should be more **accountable** to the society
- 33. what is the name of the book? ...management and **private property**
- 34. more **young people** involved
- 35. the **second floor** at beginning ask if it is ground floor, then they said it is up floor
- 36. cooperation between management and...training and **philosophers**
- 37. different level of the corporation **morality**
- 38. with greater **global** vision
- 39. privacy in areas such as **health**
- 40. focused on **behavior** of individual and organizations

# 雅思听力真题 T 0817404

## Part 4

语境/话题：中东地区的新式地下水灌溉系统

31. location: in area with a **sloping** *angel*
32. need burry into **tunnel**
33. there should be large year-round **rivers**
34. near **mountains**
35. prevent the impact of natural disasters: earthquakes, **floods**
36. deliver water without a **pump**
37. in the process of transportation, water is not lost through **evaporation**
38. the pumping capacity will not be affected by the variations of **rain**
38. but it maybe suffer deliberate damage, like **wars**
39. in Iran, paralleled with the **streets**
40. people who are **poor/rich**, can get close to Qantas, outlay of canals *poor people live in the outlet, there is more pollution here*

# 雅思听力真题 T 0817405

## Part 4

语境/话题：濒危灭绝的动物

*recent problems in Australia*

31. several species of **frog** which lost habitat because of human activities

32. **birds** treat with medical disorders: spiders

33. single growth crop plant, for example, **corn** is not beneficial for animals

**human ignore protecting animals**

34. protection is influenced by opinions on the **media** need support from the media, animals will be extinct, e.g. panda

35. concern smaller animals like **insects**

**ignored reasons**

36. people are with shock or **fear**

37. as our **rivals** in terms of food

**reasons for preventing extinction**

39. ecosystem need to be **complex** to keep stable ecological significance

40. disorders of **blood** system

# 雅思听力真题 T 0817406

## Part 4

语境/话题：塑料材料的发展史

### 1930 plastic

*Celluloid is a kind of plastic. It softens when heated and hardens when cooled. This substance is called "celluloid". It was the first batch of artificial plastics that came out in 1865*

31. low density it is highly **flexible**

32. be used to making **film**

33. plastic transform can be exposure to ... such as the **gas**

1940s-1960s: PET (PETE), polyethylene terephthalate

34. making **furniture**

35. giving **insulation** provide insulating

1960s-1990s

36. for household use such as **trays**

37. **friction**

38. for **fabric** manufacture

1990s-now

39. developed as new **sales** technology

40. used for **medical** purpose

## Part 4

语境/话题：几家本地超市购物体验的对比研究

research methods

31. interview: **shoppers**

32. website: video, but some researches on it is lack of **details**

33. interview customers **survey** of representative

	advantages	disadvantages
shop A	34. variety of <b>organic</b> food <i>wide range of selection</i>	35. too much <b>packaging</b>
shop B	36. <b>bags</b> are reused for <i>reuse</i>	37. no <b>cleaning</b> products
shop C	38. people are encouraged to buy <b>local</b> food <i>products</i>	39. poor <b>staff training</b>
shop D	40. good <b>advertising</b>	

# 雅思听力真题 T 0817408

## Part 4

语境/话题：英法隧道历史

*The channel tunnel: Britain and France joined twice into building the channel tunnel. The first was at the end of world war II, peace dawn appeared and soon then talked about 2 countries intended to establish a connection, founded committee, which was going to build the tunnel but was planning to build a bridge instead due to some kind of failure. Finally, they wanted to build a tunnel*

*Order questions as followings, during British and French war, the project was supported by the peace movement, reached an pre-agreement. Then the British call back and cancel the project, severe economic problems affect this project and then ...the last year is 1985, forgot what happened by then, the starting year was 1750 years and then was like 1880 and 1882 etc*

- 31. two countries were planning to have **suggestion** of tunnel 1750
- 32. the **committee** was founded to check the feasibility 1808
- 33. stopped by **financial** problem, the government canceled this project 1810
- 34. proposal for **bridge** 1830
- 35. final agreement-to **link** 1930s
- 36. some kind of **scheme/plan**, started digging 197\*

choose 2 reasons for building railway

- 37. **popularity among people in two countries**
- 38. **passengers' safety reasons**

a passage links 2 running tunnels

other options: *technology, for protecting environment*

- 39. little map: two roads outside are **running tunnels**
- 40. the split way is called **cross passages** not passengers, passage means road

# 雅思听力真题 T 0817409

## Part 4

语境/话题：机器人的发展和研究

*robot development and applications*

31. past and <b>present</b> days	32. exploring <b>new facts</b>	other planets
in coming days <b>21st century</b>		33. instruments measuring wind vectors and <b>ocean</b> surface winds
future	medicine <i>new robotic tugs move locked medicine trays around</i>	34. control of the <b>traffics</b> <i>provide up-to-date information about weather, traffic, and roadway conditions, involving air traffic management and airspace changes</i>
	35. carry tiny <b>camera</b> <i>can be used as a security surveillance tool</i>	36. surgery could be much faster, <b>cheaper</b> and <b>efficient</b>

37. it has great **computing** power

38. the highest sale is robot **toys** *which is the best seller*

39. they look like **animals**

40. ...to organize robotic design **competitions**, not strong and **small** enough *teams from countries took part in the RoboCup 2010 rescue robot competition*

# 雅思听力真题 T 0817410

## Part 4

语境/话题：英国商业连锁超市改良

- 31. open more branches of **petrol station** to increase market share in England
- 32. reduce number of branches in Southern **Scotland**
- 33. they close London and oxford **head office**
- 34. a new brand... focus on **fresh food**
- 35. over 200 staffs have to be **retrained** and transferred
- 36. had a contracted **manager** to handle the discussion
- 37. retail store should be flexible in **profit**
- 38. be more open-minded about the **strategies** for company expansion they chose,  
*changes are introduced in IT service*
- 39. seek help from the **partners**
- 40. save cost by changing/reducing the **organizations** in the department store

# 雅思听力真题 T 0817411

## Part 4

语境/话题：如何管理员工迟到缺勤

*approaches to manage the unjustified absence*

31. this punitive approach is the most **common** one *the most widely used by organizations in the UK*

32. disciplinary measures include reducing the **holidays** entitlement *number of ...*, without sick-pay *withholding* or ..., even dismissal

**advantage**

33. Having **rules** mean cases are treated consistently *it involves the use of disciplinary procedures that are consistent, reasonable and lawful*

**disadvantages**

34. also decrease the employees' **motivation**

35. long time, the employees will learn to avoid a **commitment** by *manipulating ..., the effect will diminish*

**incentive**

37. **Unfair** for some employees the ill staff will come to work anyway

**preventative**

38. open plan office enhance the feeling of **loyalty**  
*rehabilitation*

38. offer a return-work **interview** to help those back to work find a position

39. change of culture this approach is offering **flexible** work pattern

40. well being strategies: companies provide more **resources** for improving staff's health

# 雅思听力真题 T 0817412

## Part 4

语境/话题：水果生长对农场影响的研究

- 31. the objective is to assess the impact of **fruit** growing on the farm
- 32. about nutrition and **water** content
- 33. pasture land and **woodland**
- 34. use the method of biological activity, **comparison** of two practices
- 35. research has been carried out near a local **river** from the farm
- 36. use a specialized **microscope**
- 37. as well as specialized **software**
- 38. birds and wild flowers and a varieties of **butterflies** species
- 39. this year's researches: notes the **date** for the **record** in the research
- 40. one more **location** *cafe location and other useless facility*

# 雅思听力真题 T 0817413

## Part 4

语境/话题：美洲阿拉斯加先民移民

*lecture on history of ancient people ended in Alaska, from northern Asian to America*

31. land is usually not covered with **ice** cold but free from ice
32. US people follow **animals** species to migrate there
33. DNA analysis of remains of **teeth**
34. because of the extreme weather, few of the immigrant can **survive**
35. because of limitation in sailing **boats**, they can not migrate
36. they brought nine sea **plants** like seaweed
37. **resources** for ... and weapons
38. because of **climate** change, should took advantage of the **winds** gap
39. lack of **navigational** skills
40. strong **current** of Japan sea

# 雅思听力真题 T 0817414

## Part 4

语境/话题：非洲沙漠里的鳄鱼

*the inhabited way of crocodile, and how do they survive in the desert*

31. she doesn't believe that there is crocodile, because

C. **no scientific back up / support**

*because she hasn't seen it in the literature, that is, there is no scientific evidence*

32. the group size is

A. **20**

B. 36

C. 45

*he said scientists estimate that maximum is 36, then said common size is 20. somebody think this number would double, but he does not agree with that*

33. where was crocodile live in

A. **vegetation** *where there has green vegetation and plants*

34. crocodiles live in caves of

C. **underground**

35. in the past, what is happened in the north Africa

B. **becoming desert near the wetland**

*crocodiles did not change the place they live, the original place converted into desert, so they now live somewhere near water, mostly in the cave*

*information about wetland*

36. **8** months

37. the **depth** of

38. local people do not **fear** crocodiles

39. no one has been **attacked** by crocodiles (in **stories**; no report)

40. this researcher still want to find more information about population size, **migration patterns** and relations to other population

# 雅思听力真题 T 0817415

## Part 4

语境/话题：男女竞争差异研究

31. the survey was done on the influence of competition in the **workplace**
32. phenomenon: only **2%** women take important position in large company
- Attitude in the report for male and female is different
33. possible reasons women are weaker in three sides: math, science and **engineering**
34. when man and women's skill and **ability** are equal, they are treated unequally
35. women like to take less **workload** compared to men
- results show
36. men are more **confident**
37. percentage of women who are not willing (avoiding) to take **risks** is 34%
38. women don't want to take competitive **feedback**
39. women do not enjoy **challenges** the same as men do
40. finally the reason that women don't want to take challenges is because they worry future **salary** and opportunity

# 雅思听力真题 T O817416

## Part 4

语境/话题：网络迷恋

*This lecture talks about internet addiction, internet addiction is a symbol, then analyse reason, the impact on study and work, and explanation*

### personal effect

31. at beginning, Internet addiction is considered as a **joke** *trivia bother, it is not a big deal*

32. it will make you: lack of **social skills** *lose social abilities*

33. addict often feel a sense of **shame** when using Internet

### business effect

34. e-shopper cannot resist temptation of **special offers**

35. addicted people can memorize the **credit card** number

36 even for **watchful parents** *who wouldn't realize that their kids have sign of internet addiction. They thought kids were studying or looking for information rather than playing computer games*

### student effect

37. can involve **teenagers**

38. affects concentration and affects **grades** *low academic performance*

### work effect

39. Internet addiction will lower work **productivity** *in offices, it reduces productivity*

40. however, Internet is a mean of **entertainment**

# 雅思听力真题 T O817417

## Part 4

语境/话题：棉花种植的负面影响

water can be applied in many facets - to grow the crop

31. to **irrigate** the cotton crop *in planting process, water for irrigation, In order to plant cotton, 20%-50% of the cost is spent on...*

dye or de-color printing and dyeing use a lot of water *by toxic chemicals*

pesticides 20%-50% chemical, *water waste in the ...*

2nd part: problem of using water

32. harvest cost: as workers and **machines** *labor are increased and by extra maintenance equipment*

34. soil becomes high-salty due to chemical **contaminants** *pollution, makes the soil unsuitable for farming*

3rd part: problem of health risks on farmers

lack of awareness *workers have poor reading ability, can't read the instructions of pesticides, and don't know the harm of pesticides*

33. what causes illness? farmers are without protective **clothing** *farmers lack effective job protection*

times	fashion style	problems	
white times	34. <i>creative for standing innocence and</i> <b>freedom</b>	difficult to clean of machines	
color powders	35. designers inspired by <b>nature</b>	36. need more <b>energy</b> to maintain the colour in fabrics	37. at the clothing for <b>sports</b>
year 2008 green times	38. water it by the <b>rainwater</b>	labor-consuming	39. addition need for <b>cleaning</b> equipment

# 雅思听力真题 T O817418

## Part 4

语境/话题：荷兰鹿特丹的立体房屋

*Piet Blom (1934-1989) has developed a couple of these cubic houses*

31. design idea: as a function of **village** *his design represents a village within a city*

32. each cube building's shape like a **tree** *the concept behind these houses is that he tries to create a forest by each cube representing an abstract tree; therefore the whole village becomes a forest*

33. houses on the top of **bridge** *in central city the city of Rotterdam asked him to design housing on top of a pedestrian bridge*

34. in 1982, because of project's **finance**, the plan delayed to 1984

### **cube houses layout**

35. inside the house ... three pillars made of **concrete**

*the structure of the pole consists of three concrete pillars that have concrete block filling the space in between*

36. one building developed into fashion stores and a **school** in level-2

### **the houses contain three floors**

37. the lower level and top level are **triangle**-shaped *the cubes are tilted and sit on hexagon-shaped pole structures*

*ground floor entrance first floor with living room and open kitchen, a study room*

*the medium level (second floor) is with two bedrooms and bathroom*

38. and business **hall** to top

39. top floor which is sometimes used as a small **garden**

40. there is an occupant of the house making a **showroom** *for people to visit inside the house*

# 雅思听力真题 T 0817419

## Part 4

语境/话题：介绍一个学校吸引人的教学方法

31. the disadvantage of old teaching method

- A. too much time to organize
- B. needs some specialized people to operate
- C. **too much information in lecture**

*many lecturers ..., however, students need a long time to digest and prepare, and feel that it is not cost-effective as far as cost is concerned, so the old method is changed to a new system called activity based introduction*

32. ABI evaluate students by

- A. **the process students/participants go through**
- B. presentation
- C. the final presentation

33. what is so special about this system

- A. they need specialized people to operate
- B. cost too much time
- C. **uses of multiple tasking resources** *but what is groundbreaking is that we use many different data, but ...*

34. first decide on establishing **rules**

35. you can compare: **data**

36. choose a **monitor**

37. each group should make an **action plan**

38. **energy** in Scotland

39. essay writing should limit the use of **Internet**

40. submit written **questions** for other's presentation

# 雅思听力真题 T 0817420

## Part 4

语境/话题：海洋生物生态链研究

*research on marine life: kelp forest, the extinction of a particular marine life*

31. why today's research is more accurate than the past

- A. **study wider geographical cooperation** *internationally*
- B. better equipment
- C. team work improves their work efficiency

32. what is the main idea of this lecture

- A. human activities impacts to the environment
- B. **impact of a particular special extinction on other species**
- C. conservation of species

33. about 1000 years ago, sea otter was captured in the area of **village**

34. one spot in **Alaska**

35. 300 years ago, when Spanish came to America, **fur trade** started

36. number of sea otter **fell**

37. number of sea urchin **rose** *here is the relationship of ocean otter, ocean urchin and kelp forest: otter decline causes more urchin, kelp forest drops, vice versa*

38. see urchin **flourished** *in the tape, they use the word of explosion*

39. **killing whales**

40. in the future, scientist predict kelp forest will **decline** again *kelp forest have start feeding sea otter*

# 雅思听力真题 T O817421

## Part 4

语境/话题：再沙漠建造一座新城

*building a ecological city in the dessert*

### the first part

31. orientation-desert needs wind **shade** to cool

### the second part

32. show consumption of **electricity** in a **display** *electricity consumption information that can be visible to everyone*

33. take a **shower**, *you can see the time, water temperature and time are controllable*

34. people in the village using electric cars without a **driver** when people get around

35. glass pavement are built on both sides of the road, using **mirrors** collect sun-successfully collect solar energy

36. large umbrella is shaping like a **flower** *protect people from sunburn*

37. landscape: using **ash**, adding into concrete with acid to the building's exterior

### the third part

38. there's a **park** in the center of the city

39. there will be a **fountain** between every road for people walk

*In 20 years, developer will build a fountain for the centre of town or city to cool down*

40. in the future, houses will have lowest **carbon** emission

## 雅思听力真题 T 0817422

### Part 4

语境/话题：种子银行，科学家独白，他在全世界找种子的研究旅行

background information

- 31. in Syria, seeds suitable for growing in **dry** area
  - 32. **modern** seeds were developed to help the developing countries
  - 33. possibility seed variation lost... when solving world's **hunger**
  - 34. hunters were seen like in mass media as seed **pirates**
  - 35. and they will not **sell** the seeds collected
  - 36. any **scientist** can get the samples from seeds bank
  - 37. finding seeds for being resistant to **diseases** to breed
- field trip
- traveling to Pakistanis, difficulties as there are
- 38. lack of **information** *sketchy* and no maps
  - 39. not successful in something: without help from **government** agencies
  - 40. next trip for research they will preserve the seeds of **corn**

# 雅思听力真题 T 0817423

## Part 4

语境/话题：海豚智商讲座

*dolphins' intelligence controversy*

point 1: **not highly intelligent**

researches: the size of the brain

31. their way of not escaping barrier, such as trapped in fishing **net** for catching tuna, *leading to unnecessary injury or death*

32. small brain animals such as pigeons and **rats** can do

33. pigeons are **aware** of themselves *aware of their own bodies, see their reflection*

**Counter argument**

Fatty gills cells in brain not only is linked to protective function but problem solving

34. for some behaviors, people wrongly thought it was a **smile** *they don't have facial muscles*

point 2: **highly intelligent**

researches: behaviors

35. imitate the keeper's **walking** *copy the manner of walking*

36. one female dolphin hides a **newspaper** *a female dolphin traded garbage for food, it hid the newspaper under the bottom of the boat and tore it off one by one for more food, maximize its bounty*

37. behavior from the past centuries, dolphin has been seen as **social** animals help wounded companions breathe the surface of the water

38. each produces a unique sound like the **whistle**

39....touch and stroke each other to make up after a **fight**

40. pigeons *tricks performed by small size brain animals* are trained to conditional response and **instinctive** reaction

# 雅思听力真题 T O817424

## Part 4

语境/话题：二氧化碳排放话题

*carbon dioxide emission*

32. to bury underground, yet it is **expensive**  
**sources for carbon dioxide**

32. Holland: **flowers**

33. UK: such as cultivating **potatoes**

34. US: industrial production of **plastics**

35. China: process working with **coal** mine and **limestone** work *by limestone being there for 100 million years, most of the carbon is still trapped in*

36. **medicines**

37. industry of **airline**

38. Portland Cement: it needs a high **temperature** when it hardens **strength**  
*cement producing industry is a main contributor to man made CO2 partly by releasing the CO2 out of the limestone besides using fossil fuels for heating. There is no CO2 intake during this process. So the cement producing process releases CO2 but concrete hardening does not use CO2 again which remains in the atmosphere until being reduced by another process*

**in the future**

39. **cities** in range

40. May be used to produce **fuel**

# 雅思听力真题 T 0817425

## Part 4

语境/话题：工程设计的开发史

### *Engineering design history*

31. compare with science what is difference

A. engineer concerns social dimension

B. they handle research fields *separately and independently*

C. **engineer will cover society of wider range**

32. what does the example of vacuuming cleaner suggest

A. **not recognize accidental success in engineering**

B. talking about scientist

C. both engineer and...have strict standard and regulation

15<sup>th</sup> century

How about engineering in 15<sup>th</sup> century, make things like wood rackets etc

33. design and **manufacture** *same person does design and manufacture at the same time in the past*

34. the process of **evolution** *engineering just like evolution, keep designing and being questioned and then back to modify design, this is a cycle*

17<sup>th</sup> century: engineering was about to do a model of ship

Drawing appeared

35. machine design can **reproduce** *copy and imitate lots of parts*

36. **models** *were firstly applied then engineering start to use model*

19<sup>th</sup> century: engineering example of doing a big project

37. more **men** are involved

20<sup>th</sup> century: engineering advantages

38. it greatly increased its processing **speed**

39. deal with **complex** *complicate design*

40. do not need to **meet** to discuss *designers can discuss and need not to meet each other*

# 雅思听力真题 T 0817426

## Part 4

语境/话题：亚历山大图书馆

32. the first known library is different from other libraries in that  
A. **it aimed to contain books from around the world**  
B. it is ancient/old *this is a trap, its about other libraries*  
C. its value for research
32. the Alexander library was founded so that  
A. only experts in Egypt to use *not those who are powerful or special group*  
B. the king could increase his knowledge  
C. **for all common the people**
33. when library does not found any of their books outside the shop, the Egyptian government would  
A. compensate for author to keep the original book  
B. ask the author to sell the book  
C. **copy the book and return the original book**
34. the Egyptian king failed to  
A. fail to give deposit  
B. **fail to return the original back**  
C. fail to pay off his debt
- A. Alexander library  
B. Egypt government  
C. Alexander City Council  
D. Egypt university  
E. Mayor Frederico  
F. Mohammed Hosni Mubarak  
G. Foreign governments  
H. Mastafa Abbadi
35. starting the construction of the new library --- H **Mastafa Abbadi** *the Egypt university's principal*
36. providing a site --- C **Alexander City Council**
37. requesting money from various countries --- E **Mayor Frederico**
38. heading the international commission --- F **president Mubarak**
39. giving the equipment --- G **foreign governments**
40. providing the rest 120 million --- B **Egypt government** *said Madame gave \$120 million, and government paid the rest*

# 雅思听力真题 T O817427

## Part 4

语境/话题：不同国家（印度，挪威，英国）教室的建筑材料的不同

*different countries' new approaches of teaching building design*

*background*

*India schools*

31. build school as a center of learning, but not a **factory**

32. use **wood** to construct the modern building

33. special feature: the good window **view** from the classroom

34. mainstream attitude: **flexible**

35. special feature: **social** *not educational* need of student

36. bases resource and a **kitchen** *build a kitchen and an environment for students to study hard*

*British schools*

37. comparison it to a **village**

38. there is great amount of **light** *sunlight*

39. roof was made of a **grass** *absorb and transform energy, energy collected from roof*

40. **water** on the roof was collected and recycled *facilities on the roof can collect water for recycling, self-sustaining*

语境/话题：网络课程（商业计划策划）选课的讨论

*business plan guide course discussion*

- A. program assessment
- B. budget
- C. case management
- D. find investment
- E. objective
- F. leaders' skill
- G. team building
- H. monitoring system
- 21. Birmingham --- **E**
- 22. Manchester --- **B**
- 23. Liverpool --- **G**
- 24. Leeds --- **F**
- 25. Glasgow --- **H**
- 26. Cardiff --- **A**

27-28. what the purpose of designing the gas generators (solving problems of)

- A. for food shortage
- B. for power cut
- C. **environment** *green grass*
- D. **insufficient revenue**
- E. unemployed

29-30. what the significance/advantages for the new greenhouse

- A. reduce air pollution
- B. **increase nutrition food**
- C. **more children will have an education**
- D. pesticide reduction
- E. provide more job chances

# 雅思听力真题 T 0817307

## Part 3

语境/话题：关于 21 世纪新发明的讨论

matching of 6 innovations and features

- A. meets energy demand globally
- B. better appearance
- C. technology from space
- D. improve their quality
- E. ...
- F. can be manufactured economically
- G. used in small electric equipment

21. energy-harvest --- **G** use the power while you are walking or cycling to charge your mobile phone, gadgets

22. thin film solar panel --- **F** not because of the new invention, but because of the low cost

23. sport shoes --- **C** the material is very thin and can be wrapped around your feet, technology used to send the human to Mars

24. wind turbine --- **A** meet the need to provide global energy, all over the world

25. hi-tech fruit package --- **D** the packaging of fruits and vegetables can be picked without waiting for maturity, but can be matured during transportation

26. electric sport car --- **B** high speed, attractive, fashionable design, more desirable look

seeds in north pole

27. Svalbard global seed vault in north pole innovation's feature

A. **store the seeds and kept them stable** for long time

B. Arctic climate is cold and dry the permafrost surrounding the facility will help maintain the low temperature of the seeds should the electricity supply fail

28. Who can use these seeds

A. Scientists and researcher      B. Norwegian science program

C. **Countries that buried seeds in them**

the agreement makes clear that Norway does not claim ownership over the deposited samples and that ownership remains with the depositor, who has the sole right of access to those materials in the vault. No one has access to anyone else's seeds from the seed vault

29. man said why he can't do this presentation

A. **He has limited knowledge**

30. girl says why not make this innovation into the presentation's topic

B. there is not a technology

C. **money can be used in better ways**

It is very expensive to transport the seeds. Like space exploration, the money might as well be used to buy food for the poor, to help the needed people
