韦神对今年数学卷的看法：
这次高考还行，就拿数学来说一下吧，导数一题直接用拉格朗日中值定理和佩亚诺余项的泰勒公式就解决了！解析几何那题只有在椭圆上求曲线积分，然后在椭圆包括的区域内求二重积分就OK了。立体几何就更简单了，直接上三重积分包过。再说说数列那一题，先用狄利克雷充分条件证明通项公式在间断点收敛于左极限和右极限的一半，再进行傅立叶变换，利用拉普拉斯方程，求出N阶导数求和，最后取个极限就好了。概率题这种闭着眼睛都能蒙对的题目还要做？这样一来大题全部解决了，前面的题都是送分题，也允许你有失误，考个140分还是很轻松的

I 6-2-2

P. 34

Comments

- A pupils help to plan menus
- B only vegetarian food
- C different food every week
- D daily change in menu

OK, back to the serving points in the Food Hall, which will all have side dishes, desserts and drinks on sale, as well as main courses.

One serving point we call World Adventures. This will serve a different country's cuisine each day, maybe Chinese one day and Lebanese the next. The menus will be planned for a week at a time, so pupils will know what's going to be available the whole of that week. Q16

Street Life is also international, with food from three particular cultures. We'll ask pupils to make suggestions, so perhaps sometimes there'll be food from Thailand, Ethiopia and Mexico, and then one of them will be replaced by Jamaican food for a week or two. Q17

The Speedy Italian serving point will cater particularly for the many pupils who don't eat meat or fish: they can be sure that all the food served there is suitable for them. There'll be plenty of variety, so they shouldn't get bored with the food. Q18

- 16 D
- 17 A
- 18 B

7/24/2022

JAMES: No, I haven't. There's so much that seems interesting – Viking settlement in other countries, trade, mythology...

BETH: Well, what I suggest is that you read an assignment a student wrote last year, which is kept in the library. It's short and well focused, and I'm sure you'll find it helpful. I'll give you the details in a moment. Textbooks usually cover so many topics, it can be very difficult to choose just one. Q26

JAMES: OK. I've got a DVD of the film about the Vikings that came out earlier this year. Should I watch that again?

BETH: If it's the one I am thinking of, hmm, I'd ignore it – it's more fantasy than reality. But I've got a recording of a documentary that you should watch. It makes some interesting and provocative points, which I think will help you to focus your topic. Q27

JAMES: Right.

JAMES: So then should I work out an outline? Q28

BETH: Yes. Just headings for different sections, at this stage. And then you should start looking for suitable articles and books to draw on, and take notes which you organise according to those headings. Q29

JAMES: I see.

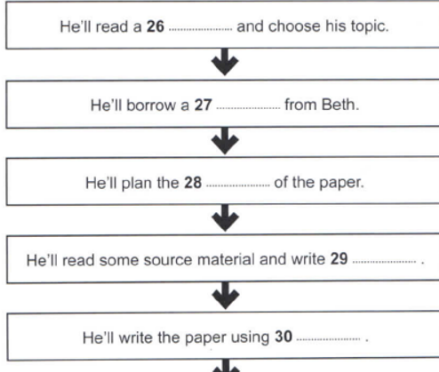

BETH: Then put short phrases and sentences as bullet points under each heading. Make sure that this skeleton makes sense and flows properly, before writing up the paper in full. Q30

JAMES: OK. Thanks, that's very helpful.

Questions 27–30

What opinion do the students give about each of the following modules on their veterinary science course?

Choose **FOUR** answers from the box and write the correct letter, **A–F**, next to questions 27–30.

Opinions

- A Tim found this easier than expected.
- B Tim thought this was not very clearly organised.
- C Diana may do some further study on this.
- D They both found the reading required for this was difficult.
- E Tim was shocked at something he learned on this module.
- F They were both surprised how little is known about some aspects of this.

Modules on Veterinary Science course

- 27 Medical terminology
- 28 Diet and nutrition
- 29 Animal disease
- 30 Wildlife medication

DIANA: Now we've got to give a bit of feedback about last term's modules – just short comments, apparently. Shall we do that now?
TIM: OK. So medical terminology.
DIANA: Well, my heart sank when I saw that, especially right at the beginning of the course. And I did struggle with it.
TIM: I'd thought it'd be hard, but actually I found it all quite straightforward. Q27
DIANA: What did you think about diet and nutrition?
TIM: OK, I suppose.
DIANA: Do you remember what they told us about pet food and the fact that there's such limited checking into whether or not it's contaminated? I mean in comparison with the checks on food for humans – I thought that was terrible. Q28
DIANA: Mm, I think the module that really impressed me was the animal disease one, when we looked at domesticated animals in different parts of the world, like camels and water buffalo and alpaca. The economies of so many countries depend on these, but scientists don't know much about the diseases that affect them. Q29
TIM: Yes, I thought they'd know a lot about ways of controlling and eradicating those diseases, but that's not the case at all.
DIANA: I loved the wildlife medication unit. Things like helping birds that have been caught in oil spills. That's something I hadn't thought about before.
TIM: Yeah, I thought I might write my dissertation on something connected with that. Q30
DIANA: Right. So ...

Opinions

- A Tim found this easier than expected.
- B Tim thought this was not very clearly organised.
- C Diana may do some further study on this.
- D They both found the reading required for this was difficult.
- E Tim was shocked at something he learned on this module.
