新增小题 Topic 3 Major

1. Is your major difficult? (高频)

Version A: Yes, I think my major is difficult. I'm majoring in history. A lot of people <u>write that subject</u> <u>off¹</u> because they think it's just about memorizing facts. But it's actually more complicated than that. You have to analyze the past to <u>provide some commentary on the present</u>. Basically, you have to show how history is still relevant. ^y棄螺編之寸凸甸主席舗-原创

原题目素材修改 Topic 28 Sitting down

1. Do you often have to sit for long periods of time? (高频)

No: No, I'm pretty active. I'm still in school, so I only have to sit during class. During the rest of the day, I try to get lots of exercise, including <u>daily walks</u>. I don't like to sit for too long. Otherwise, I feel very <u>restless</u>⁵. It's good for me to move around a lot. **••••** #總內編內編內編頁言論: 原创
