题目：The Sports Medicine Programs of the Olympic Training Center, a complex where final tryouts are held for athletes representing the United States in the Olympics, is geared toward enhancing athletes' performance and toward their preparation for international competition.

选项：

- A.is geared toward enhancing athletes' performance and toward their preparation
- B.is geared to enhance the performance of athletes and to prepare them
- C.are geared to enhance athletes' performance and their preparation
- D.are geared toward the enhancement of athletes' performance and toward preparing them
- E.are geared toward enhancing the performance of athletes and preparing them

题号：prep3-8(qid:19037)

题目：The budget for education reflects the administration's demand that the money is controlled by local school districts, but it can only be spent on teachers, not on books, computers, or other materials or activities.

选项：

- A.the money is controlled by local school districts, but it can only be spent
- B.the money be controlled by local school districts, but it allows them to spend the money only
- C.the money is to be controlled by local school districts, but allowing it only to be spent
- D.local school districts are in control of the money, but it allows them to spend the money only
- E.local school districts are to be in control of the money, but it can only spend it

题号：prep3-10(qid:19035)

题目：One report concludes that many schools do not have, or likely to have, enough computers to use them effectively.

选项：

- A.or
- B.nor
- C.or are
- D.nor are they
- E.nor are not

题号 : prep3-12(qid:19041)

题目 : In laboratory rats, a low dose of aspirin usually suffices to block production of thromboxane, which is a substance that promotes blood clotting, but not seriously interfering with the production of prostacyclin, which prevents clotting.

选项 :

- A. which is a substance that promotes blood clotting, but not seriously interfering
- B. a substance that promotes blood clotting, but not seriously interfering
- C. a substance that promotes blood clotting, but does not seriously interfere
- D. which is a substance to promote blood clotting, but does not seriously interfere
- E. which is a substance that promotes blood clotting, but not a serious interference

题号 : prep3-15(qid:19044)

题目 : With an awareness that there are connotations associated with the numbers 1 and 2 and the letters A and B, companies conducting consumer taste tests of foods or beverages typically choose numbers such as 697 or 483 to label the products.

选项 :

- A. With an awareness that there are connotations associated with the numbers 1 and 2 and the letters A and B
- B. Because the numbers 1 and 2 and the letters A and B have connotations they are aware of
- C. Because of an awareness of the numbers 1 and 2 and the letters A and B having connotations
- D. Aware of the connotations of the numbers 1 and 2 and the letters A and B
- E. Since the numbers 1 and 2 and the letters A and B have connotations associated with them and they are aware of it

题号 : prep3-20(qid:19049)

题目 : 1998 saw several new ventures promoting online distance learning both at the college and graduate level, but also faculty members in large numbers began questioning whether the computer screen was an adequate replacement for the classroom.

选项 :

- A. 1998 saw several new ventures promoting online distance learning both at the college and graduate level, but also faculty members in large numbers began
- B. In 1998 several new ventures were promoting online distance learning for both college- and for graduate-level courses, but it was also a year for a large number of faculty members who began

C. With several new ventures promoting online distance learning both for college and graduate courses in 1998, it was also a year when a large number of faculty members had begun
D. Although 1998 saw several new ventures promoting online distance learning for both college- and graduate-level courses, it was also a year when a large number of faculty members began
E. Several new ventures were promoting online distance learning in 1998, at both the college level as well as the graduate, but it was also a year for faculty members to begin in large numbers

题号：prep3-21(qid:19050)

题目：Hundreds of species of fish generate and discharge electric currents, in bursts or as steady electric fields around their bodies, using their power either to find and attack prey, to defend themselves, or also for communicating and navigating.

选项：

- A. either to find and attack prey, to defend themselves, or also for communicating and navigating
- B. either for finding and attacking prey, defend themselves, or for communication and navigation
- C. to find and attack prey, for defense, or communication and navigation
- D. for finding and attacking prey, to defend themselves, or also for communication and navigation
- E. to find and attack prey, to defend themselves, or to communicate and navigate

题号：prep3-23(qid:19052)

题目：The continental United States receives an average of 30 inches of precipitation a year; transpiration from soil and from plants returns approximately 21 of the 30 inches to the atmosphere, while the balance of 9 inches contributes to the flow of streams and rivers.

选项：

- A. transpiration from soil and from plants returns approximately 21 of the 30 inches to the atmosphere, while the balance of 9 inches contributes to the flow
- B. even though transpiration from soil and from plants returns approximately 21 of the 30 inches to the atmosphere, the remainder of 9 inches contribute to the flowing
- C. although transpiration from soil and from plants return approximately 21 of the 30 inches to the atmosphere, the balance of 9 inches contribute to the flowing
- D. with transpiration from soil and from plants to return approximately 21 inches to the atmosphere, the rest of the 9 inches contributes to the flow
- E. as transpiration from soil and from plants return approximately 21 of the 30 inches to the atmosphere, the rest of the 9 inches contribute to the flow
